CSE341: Microprocessors
Department of Computer Science and Engineering

Assignment 01 (Lab 02)

Task 01

Swap two numbers using **ADD/SUB** instructions only.

Task 02

If P, Q and R are 3 variables, perform the given mathematical operation

- **Q = (P + R) – Q**

Task 03

If A, B and C are 3 variables, then perform the given mathematical operation

- **A / B * C**

Task 04

Perform the following arithmetic operation: **(1 + 2) / (3 – 1) * 5 - 3 + 2 – (1 / 2)**
